Grade school board to apply for grant funds

The Antioch Grade School board of education held its reorganization and regular meetings on April 15. The board elected Garnet Cook president, and Jim Quedenfeld secretary.

Meeting times will change beginning May 1 through September, with meetings starting at 8 p.m. The time will revert back to 7:30 p.m. from October through April.

Ron Chilcote will remain business manager and treasurer, while Gantar and Larson will be the school's attorney.

During the regular meeting, gifted program funds were discussed, along with the use of the Channel Lake school building and the furnishing of the new W.C. Petty grade school.

THE SCHOOL board has agreed to apply for a \$7,500 grant to be used for reading and math programs in grades one through eight. These accelerated classes include a great books and an algebra class.

The total cost of the gifted programs include a training session that would be given to teachers already in the school system. The grant decision should be handed by June 1.

The future use of the old Channel Lake school building is yet undecided, according to Skidmore. "There are two viable parties

for the building at this time, and that is the township and SEDOL. The township doesn't seem to be interested because of maintenance expenses," Skidmore stated.

Also, the board agreed to spend \$17,000 for furniture for the new Petty school. This will furnish five offices and the board room.

AFTER MEETING WITH the high school board and village board, a decision has been reached on the construction of a public use building. The 18 by 30 foot building will be paid for and used by the village recreation programs, and the grade and high school districts.

The building will be finished in brick, and the three organizations will be the only people with access to the facility. They will also be responsible for the maintenance. "This is a much needed facility," grade school Supt. Don Skidmore commented. "There will also be restrooms provided, something that people utilizing the baseball diamonds had to do without in previous years."

The materials and construction, which will be done by a high school class, will cost a total of \$13,000 split three ways. "This is a very inexpensive price tag on a building of this sort," Skidmore said.

'McHappy Day' to benefit Antioch Park Dept.

Antioch Parks and Recreation Dept. will benefit from the celebration of McDonald's 25th anniversary to be held Sunday, April 27.

"McHappy Days" will be held beginning at 11 a.m. at the McDonalds located on Orchard St. in Antioch. For each Big Mac that is purchased, 25 cents will go to Antioch Parks. According to Chris Kellogg who is promoting the event, there will be many activities and people on hand to enjoy the day. "There will be bands here, a fire truck, and also many Antioch VIPs," she stated.

To highlight the day, Antioch magician David Kelly will be performing many tricks for both children and adults visiting the shop. "He will come about 3 p.m., and is a delight with the children," Ms. Kellogg said.

On-hand donning McDonalds attire for the day will be Mayor Michael Haley, some village trustees, high school and grade-school superintendents, Warren Polley and

Don Skidmore, Chamber secretary Dixie Sparks, Miss Lakes Region Sally Ann Mueller, and the band Grand Enterprise.

Also, according to Ms. Kellogg, there will be a fire truck in the lot from 1-3 p.m. "There will be firemen here to show the truck and answer questions," she said.

Chamber sets Mothers Day deadline

Antioch Chamber of Commerce and Industry executive secretary Dixie Sparks has announced a 3 p.m., May 1 deadline for grade school youth who wish to participate in the Chamber's annual Mothers Day contest.

"All children can do something for their mothers by participating in this contest," Sparks stated.

To enter the contest, students should complete in 25 words or less "My mom is the greatest because". Applications must be returned to either the youngster's grade school or the Chamber office at 880 Main St.

"Schools have given the greatest cooperation with this event," Sparks said.

One winner will be chosen from all the entries, and merchants will be contributing prizes.

COMING OFF A highly successful Easter Egg promotion, the retail committee will now be readying for summer events such as Maxwell Street Days and Moonlight Madness.

The July 13 arts and crafts fair is reportedly well into the planning stages as the Chamber has received applications for 80 of the 173 spaces available.

Police arrest local pair

An alert teller at a drive-up window at the State Bank of Antioch was responsible for the apprehension of an Antioch man, which later led to the arrest of both him and an Antioch woman. Police charged the two with theft, burglary and fraud on April 15.

According to Antioch Police Lt. Tom Fisher, Barry Pritchard, 18, of Antioch, was arrested after attempting to forge a check for \$259 at the State Bank, by using property he obtained from breaking into autos the day before.

Fisher said that two cars, belonging to Bruce Boreen and George Burbridge, were burglarized on April 14, and a truck belonging to William Vos was stolen the next morning. Credit cards and check books were taken from the Burbridge and Boreen autos.

POLICE REPORTED that the Vos truck was found stuck in a ditch in Paddock Lake on Tuesday morning, and Paddock Lake Police found that a car had been stolen from the area where the truck was found.

Antioch police then found the stolen Paddock Lake auto at 11:30 a.m. the same day on 2nd St. in Antioch, and shortly thereafter received a call from the bank.

Police responded to the bank and arrested Pritchard and charged him with two counts of burglary to an auto, one count of theft over \$150, and one count of forgery. Fisher said that Darlene Fleming, 19, of Antioch, was arrested and charged with theft by deception for actually writing the check Pritchard attempted to cash.

Both await preliminary hearing, while Pritchard faces charges in Paddock Lake.

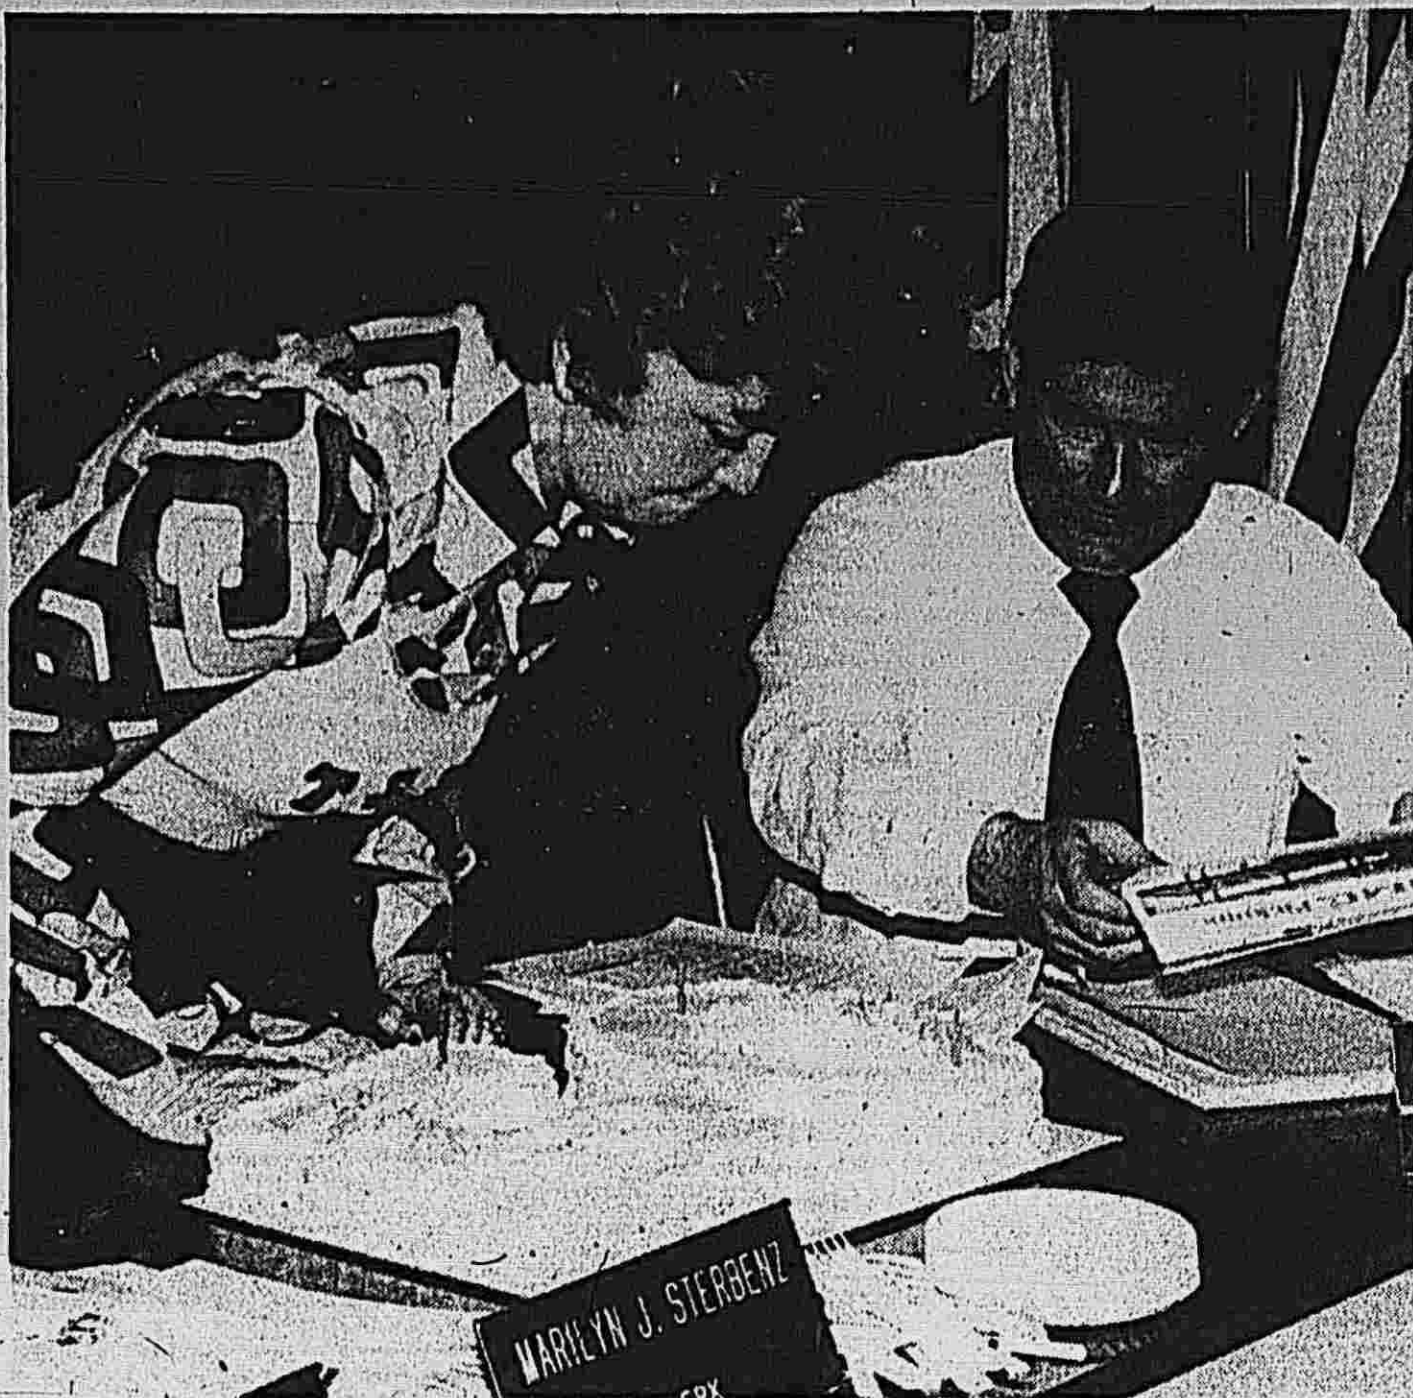

Drug charges dropped

Drug charges against Antioch resident, William Haley, have been dropped, according to Miami Drug Enforcement Administrator Con Daughtery.

Haley and an accomplice, Jeffery Berry of California, were arrested April 4 after over \$1 million worth of marijuana and methaqualone powder was reportedly dropped near San Juan, from a plane Haley was piloting.

Daughtery had no comment on the dropping of the charges against the two men except that, "the DA (district attorney) decided not to prosecute at this time. The case is still being investigated."

Haley is reportedly at home after being held in San Juan for over a week.

Open house planned at new Petty school

A community open house has been slated for the new W.C. Petty grade school on Highway Dr. beginning at 2 p.m. on May 4. The dedication of the school will make for an afternoon of interesting speakers and keynote guests.

The program will open with the introduction of the board president and will follow with the history of the building.

Among guests at the event will be Lisa

Mayer, who chose the name of the school, Lake County School Supt. Bill Thompson, a representative from the state board of education and the honored guest, William C. Petty.

After an address from Petty, there will be refreshments and tours of the new building.

The festivities will begin in the school library.

Chamber deadline

Continued from Page 1

Twelve-foot spaces for the fair are available for \$12, showing no increase in price over last summer. Applications for spaces are available through the Chamber office, and all goods shown must be hand made.

A breakfast for all new chamber members is being planned, according to Sparks. "This

is an opportunity for the new members to get together, ask questions, and learn about the Chamber's activities."

The breakfast is being scheduled for sometime during the first part of May, and will be held at the Windjammer Restaurant and Lounge. Windjammers owners, Carol and Ron Akins have recently joined the Chamber.

in St. Pete's elementary and high school programs.

Mrs. Moser has experience in Catechism teaching and assisting school reading programs. She is a professional artist, and also helps with art programs at the school.

Mrs. Marcquenski has been involved in the volunteer mother's group, the room mother program and the Good Council alumni association. She is a bookkeeper.

All three will serve three-year terms.

Cancer crusade kicks off with luncheon

Otto Graham, football hall-of-famer now the director of athletics for the U.S. Coast Guard Academy, returned to his home county from New London, Conn., as guest speaker at the April Cancer Crusade Kick-Off Luncheon for Lake County unit hosted by Condell Memorial Hospital, Libertyville. Graham, who received the American Cancer Society Courage Award in a White House ceremony last week, is Honorary National Chairman of the April Crusade.

L.R. Overby, Ph.D., Unit Board Chairman, welcomed the uniformed Coast Guard

Captain home to family and friends in Lake County. Referring to Graham's experience with colo-rectal cancer, Dr. Overby stated that awareness of cancer causing factors and early detection of the disease remain the best defense against it.

To symbolize acceptance of the Unit Residential Crusade Goal by volunteers Graham autographed a football bearing a \$97,000 challenge and tipped volunteers on how not to fumble the challenge ball.

On behalf of Mrs. William Brook of Antioch, Residential Crusade Chairman,

Preston Reckers, of the State Bank of Antioch and the Unit Income Development Chairman, accepted the \$2,000 goal for Antioch.

On Crusade Sunday, April 13, over 4,500 cancer crusade volunteers began a house-to-house distribution of the flyer, "You Can Control The Risk of Cancer," which describes cancer causing factors, together with a list of services provided to cancer patients without charge by the American Cancer Society. The April crusade seeks funds to support the research, service and education programs of the American Cancer Society.

Village board sets cleanup

A second public hearing is expected around to the first of June to approve appropriations for the use of revenue sharing funds. At the April 21 public hearing to submit ideas for the uses of approximately \$160,000 of revenue sharing funds, many made known their wishes.

Among the ideas tossed into the ring were part of the allotment going to parks for various additions and improvements to existing parks; some going to PM&L for additions to the theatre; both rescue and fire squad requested funds for additional equipment; various senior citizen group requests and police and public works requests.

Projects still in need of funding, are the addition to the existing senior citizen addition and the cleaning of Sequoit Creek, the two combined would use over \$70,000 of the revenue sharing monies.

The board will take into consideration each request for the allotment, confer, and decide where the monies will head before June.

AT THE REGULAR board meeting held following the public hearing, Trustee Vern (Barney) Barnstable announced the village

clean-up days dates, along with the brush pickup. The village will pick up discarded items Monday-Wednesday, May 5-7 at the following locations: Monday, east of Main St. and north of Depot; Tuesday, south of Depot and Orchard Sts. and Wednesday, west of Main St. and north of Orchard St. There will be one brush pick up day on Monday, May 12.

Well, I sure hope everybody enjoyed all the hot dogs at the good ol' Village Pub on the Cub's Nov. 21 opening day. After me goofing up for two weeks in a row, I guess it really doesn't matter when opening day is... I mean was. So now, I will go on record as saying that Cub's home opener was Friday, April 18, and there were the best hot dogs at Mr. Georgeson's world famous establishment.

It's time to get all the village trustee's heads together to decide the use of revenue funds. Now, I was in attendance at the public hearing, and the suggestions made were all worthy of consideration. It's too bad that there isn't enough money to go out to everyone. Just to poke a little fun at everyone's favorite public works superintendent, I'm really afraid that if he gets any more money, he'll just go investing it in ducks, and pretty soon the quacking will get so loud down there, that it will be heard from miles around. I know Walt, until we get those computerized lift stations you need all the company you can get when you have to fix up whatever it is you fix up around there.

Speaking of McDonalds, I sure can't wait until McHappy Day this weekend. On Sunday, 25 cents from every Big Mac sold will benefit the Antioch Parks and Rec Dept. The best part is, I love Big Macs, and the second best thing is I can't wait to see Mayor Mike put on a McDonald's hat. I guess there will be all sorts of activities for kids of all ages—even a magician show. Fun starts at 11 a.m. and lasts all afternoon.

Did you know that it was Marilyn Sterbenz' birthday on Monday? I guess since it was up on the old State Bank billboard, most everybody did know it. At the village board meeting, she received a cake that was shaped like an 02. Somebody said that that was the year she was born in, but I don't believe it. She's much too young. She told me that Marge Gaa had a nifty little party for her last Sunday, and it was just the best. Many happy returns, Marilyn.

Did you know there was an Antioch, Tennessee? It has an Antioch High School too. Wonder if they are the Sequoits, and I wonder if they're doing as well in softball as our girls are?

Put on my silver shoes last weekend and stopped in at Leisure Village in Fox Lake, and just danced up a storm with all my friends over there. Former Antioch residents Clarence and Dolly Spiering donated \$500 to the Fox Lake Rescue Squad. Rescue squads are becoming so advanced these days that I can see why people donate money to keep them running efficiently.

Many happy returns to twins Jacky and Jenny Moffit, too, who celebrated number three a couple weeks ago. Guess they went to McDonalds, and they and their friends had a rip-roaring good time. Heard from a good friend of the girls that Russell Todd, Andrea Tuckey, Mikie, Sara Booth, Jessica Springer, Bobby Hieden, David Smith, Jonny Wales, and Stacy were all there and had such fun playing all sorts of games. Jessica stacked 16 McDonalds cartons for a prize, and David and Andrea won the ball tossing contest.

Aw...come on, I know that opening day was on the 17th!

Christian play slated in Zion

One of the oldest religious pageants in the United States, The Zion Passion Play, will begin its 43rd season on Saturday, May 3. The performances will be held in a newly built, enclosed auditorium, adjacent to the Christian Catholic Church in Zion.

This year's presentation of the life of Christ will feature a live performance by the cast, using the New American Standard Version of the Bible. A live orchestra, including organ and piano, as well as the inclusion of voice ensembles and combined singing by the cast will add a stirring sensation of triumph and joy to the message of the play.

Scenery and staging for the Zion Passion Play will include two large, motorized, revolving turntables. The artistic effect of the whole stage turning, with newly

painted graphic scenery, will insure smooth transitions between scenes and an everchanging backdrop.

Although the buildings in which the play has been presented have twice been destroyed by fire (1937 and 1959) and other circumstances have threatened its existence, it has continued to thrill audiences from all over the world up to the present time. After nine years of being performed in an outdoor amphitheatre, the 1980 season will open in the new Christian Arts Auditorium.

Performances are scheduled for May 3, 4, 10, 17, 24 and 31 at 7:30 p.m. For ticket information call 746-2221 or write to the Zion Passion Play, Dowie Memorial Drive, Zion, 60099.

Youth director at symposium

As one of over 300 participants at a recent national symposium, Audrey A. McMahon, Executive Director of Lake County Youth Service Bureau joined in an unprecedented effort to explore, develop and evaluate ways to help juveniles through constructive cooperation among schools, courts and communities throughout the United States.

According to McMahon, such a multi-discipline approach focused on "Bridge Building", the overall theme

of the symposium or networking on local and national levels results "in identifying areas where collaboration and overlapping responsibilities can be fine-tuned and improved."

McMahon attended this gathering of experts in education, law enforcement and community services in Chicago, the birthplace of the U.S. Juvenile Court over 80 years ago. Illinois Governor James Thompson "in

recognition of this symposium's importance", issued a proclamation declaring the meeting dates (April 9-12) as Reaching Out To Troubled Youth Days.

Judge Carl E. Guernsey, President of the National Council of Juvenile and Family Court Judges which sponsored the symposium in cooperation with 18 other major groups involved with the welfare of juveniles,

Antioch girls win two; play seems to settle

Even with a shaky pitching roster, the Antioch High School girls varsity softball team came off a four-game losing streak to grab both a conference and a non-league win in weekend action.

The wins put the girl's record at the .500 mark in the Northwest Suburban Conference and a game under in the overall standings.

On April 18, the Sequoits rallied with six runs in the top of the seventh, to come from a one-run deficit to beat Wauconda, 16-11.

The inning started out with a single, then an error and a single by freshman pitcher Dawn Johnson. A sacrifice fly by junior Terri Macklin pushed the Sequoits ahead by two runs.

With two outs, a single by Shelly Wix and a double by sophomore Tracy Manuel gave the girls the win.

"WE'RE REALLY working hard on our pitching," stated head coach Steve Scott. "Our biggest problem in that game came with Wauconda scoring six runs in the first inning."

The only real pitching strength the Sequoits have to

go with is freshman Dawn Johnson. "The girls feel real confident with her, and her control is good, but we have to work on her speed," the four-year head coach said.

Adding to the confidence of last year's sectional champs, was the non-conference 11-10 victory over the Mundelein Mustangs, at Antioch's first home game of the season.

"This may be the confidence the girls have been looking for," Scott said. "They've really been working hard," he added.

The April 19 win found the 5-1 Mustangs scoring three runs in the first. Antioch retaliated with five scores due to singles by Chris Byrne, Tracy Manuel, Laura Ogden and Lorna Whitton. The inning was capped by a Shelly Wix triple and a sacrifice by Darlene Olsen.

BOTH TEAMS SETTLED down through the rest of the game, but the Sequoits were down 10-8 in the bottom of the seventh. Jenny Behne pinch hit and opened the Sequoit half of the seventh with a first pitch double into right center field. Patti Hinz then doubled into left center, and with no outs, Chris Byrne singled, and all-conference third baseman Shelly Wix doubled tight down the left field line to score the tying run.

Two outs later in a bases-loaded situation, Darlene

Olsen hit a hard smash to the Mundelein shortstop and the winning run scored.

The Sequoits have been invited to Rockford-Harlem invitational on April 26, because of their sectional finish last year, and will meet top ball clubs from all over the state. "There will be some good clubs from Genoa-Kingston, East St. Louis Lincoln and Peoria Spalding. Should be some real good ball played there," Scott said.

On April 25, the Sequoits will visit Stevenson to try for another conference win.

Win after fifth inning

Antioch High's frosh-soph girls softball team came back from a fifth inning, 9-1 deficit, to beat the Mundelein Mustangs 14-10. "We've had some good defense at short stop through Jaque Larson, and Donna Gutowski is providing us with some real power at the plate," coach Julie Pederson said.

The girls will be at home at the Antioch High School field April 24 against Round Lake, and will play at Stevenson April 25, two conference matches.

The Sequoits are 0-1 in the Northwest Suburban Conference.

Sequoits lose; face league team

After the rain and cold weather marred pre-season and opening games, the Antioch High School varsity baseball team will be looking for a win when they face Lake Zurich at home on Monday, April 28 and Stevenson on Wednesday, April 30.

The Sequoits suffered two Northwest Suburban Conference losses on April 16 and 17 to Grayslake, 7-3 and Grant, 11-6.

"We only have two actual starters returning," stated head coach Tom Baba. "The pitching is not strong, but once we start hitting, we'll be able to work things out."

Against Grayslake, the score was 5-0 at the top of the fifth before the Sequoits could get a run on the board. Despite doubles from catcher Mark Pomazak, pitcher Tim Koesser, and left fielder

Tom Bernet in the late innings of the game, Antioch could only post one run in each of the last three innings.

Koesser went the length of the game giving up nine hits and striking out eight. Grayslake's pitcher Greg Troemel struck out 16 while giving up three earned runs.

Again, a late game rally was not enough for the Sequoits to catch the Grant Bulldogs as they came within reach in the fourth with a 7-3 deficit. In the bottom of the sixth, Grant came back with four runs to tally their game-winning 11.

Grant pitcher Dan McDonald struck out three in the third leaving two Antioch players stranded on base. Pomazak batted in two runs in the game, while 13 Antioch runners were left on base.

To U.S. Tourney for wrestlers

Many young Antioch Upper Grade School wrestlers placed well in the April 19 Kids State Freestyle Championship held at Barrington High School.

The tourney, sponsored by the Illinois Wrestling Federation, sends the top six placemen to the United States Wrestling Federation Kids Regional National Championship in Grand Rapids, Mich., on May 30 and 31.

In the 10 years and younger category, Antioch's Chris Tointon, at 45 pounds, placed first in his weight range. Tim Tointon came in fourth in 50 pounds category.

In the 11 and 12 year-old division, Antioch's Rodney Volling nabbed second place in the 75 pound range. A second place spot went to Calvin Knutsen of Antioch in the 80 pound category. Lake Villa's Scott Giggenheimer copped a second place position in the 105 pound group.

Among the 13 and 14 year-olds, Ken Sandrik of Antioch grabbed a first in the 75 pound division. In the 100 pound range, two Antioch youngsters placed. Jeff Nieze spotted third and David Lear, fifth. At 105 pounds, Tad Derouse of Antioch hit first and Todd Jenkins of Lake Villa got second. Tim Curtis won

fourth place in the 110 pound category. In the 145 pound group, Lindenhurst's Andy Lehn grappled to a first place finish.

EARLY TOOTH OVERCROWDING

When should crooked teeth be straightened? As soon as they're detected! The old adage about an ounce of protection is especially true in orthodontics, where crooked teeth can be prevented by early treatment.

Diagnosed at a sufficiently early age, an unusual trend can often be stopped in its tracks - and its effects completely erased. To ensure early detection, a child should have a checkup by the family dentist at intervals of about six months, beginning at 2½ to 3 years of age. Overcrowded and crooked teeth are most likely to make their entrance with the arrival of the

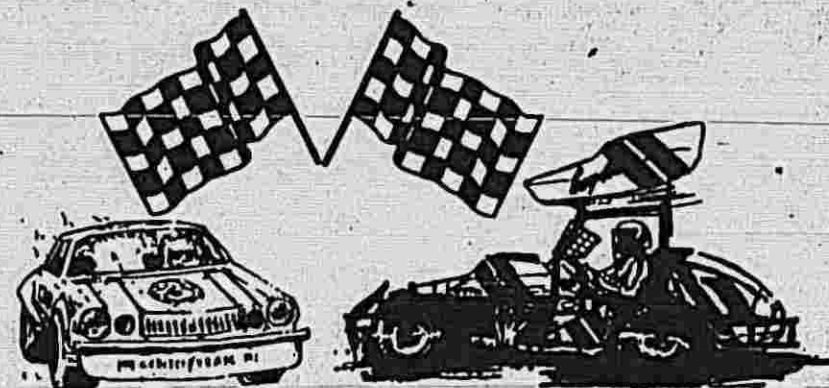

four permanent incisors and the four permanent molars at around age six.

Prompt treatment is recommended when teeth are overcrowded. Some baby teeth may be removed ahead of their normal shedding time to allow nature to do a certain amount of tooth straightening. Known as interceptive orthodontics, it involves a one-by-one extraction in a well-planned sequence to make room for a better bite.

INSURANCE INFORMATION

I have a garage apartment which is rented. If it incurred any damage would my Homeowner's policy cover this?

It depends. The Dwelling Extension clause of your Homeowner's Policy states that you may apply up to 10% of the limit of liability applicable to the described dwelling as additional insurance to cover other private structures on the premises. However, there are exceptions. The extension does not apply to structures used for commercial manufacturing or farming purposes nor to any structure wholly rented to others. If you occupy any part of the garage structure for storage, personal use, etc., your extensions should apply. If not, a separate standard Fire Policy should be taken out on the structure.

called the three-day meeting "the product of a dream". He explained his hope, which McMahon strongly supports, that "from this meeting will come a commitment and determination that bridges will be built by unified segments of our society so there will be better days ahead for the children of our

country."

McMahon said, "I did find the format of general sessions, workshops and special presentations provided excellent opportunities to exchange ideas, share information and learn about new tools to use in designing and refining programs specially tailored for those I serve."

In addition, McMahon concurred with the main objective expressed by keynote speaker David Bahlmann, Big Brothers/Big Sisters of America Executive Director, that competition between youth-serving agencies must be replaced in the 1980's by communication, cooperation and collaboration.

Because this first symposium was envisioned as a beginning for a language program, a follow-up meeting of representatives from the sponsoring organizations is scheduled to be held in about a month either in Chicago or Washington, D.C.

The regular meeting of the Richmond Chapter Order of Eastern Star (OES) was held at 8 p.m., Monday, April 14, in the Hastings Memorial Temple. In spite of bad weather, quite a few attended.

Pro-tem officers were Robert Leonhart, worthy patron, Sophie Schabow, conductress, and Larry Gilo as chaplain.

It was reported that Ardella Anderson is back in the hospital and our prayers are with her. Also, Leota Stevens had fallen but fortunately had suffered only painful bruises. Jessie Motley is recovering very rapidly and is now at the home of Pete and Virgene Ehorn. Hattie Marzahl and Charles Frey and Rosemary Ehrke are feeling quite well.

We are invited to Lorraine Chapter, Genoa City, Wis. on May 12 for their Friends of Illinois Night. A short meeting will be held in our chapter so we can go.

Our Friends Night will be April 28 in our chapter. Each officer is to invite a friend to fill their office. All members are urged to attend.

Our officers will serve in the Antioch Chapter on May 22. Members are also invited.

The Worthy Matron, Diane Role, thanked everyone for coming to chapter on the bad spring night and told of a class she is taking in the Badger High School. One of the things it stresses is to tell at least five people each day that you love them. It gives yourself as well as those you love a great feeling.

Slides and description of the beautiful International Temple in Washington D.C. will be shown while we eat. Robert Leonhart, Worthy Patron Pro-tem, also expressed his appreciation for members being at the meeting and that refreshments would be served.

Verona Nies, president of the Hastings Temple Board, told of the sand-blasting project of the fire escape of the temple. Donations will be appreciated toward this project. The Rust-o-leum paint has been offered as a donation for this project and is greatly appreciated.

TO MEET

The regular monthly meeting of the Board of Education of Antioch Community High School, will be held at 7:30 p.m. on Thursday, April 24, in the board room.
